Unofficial Note No 393/CLAD dated 7th May 1948 of the Comptroller to Government

Returned with compliments

25) The estimates were got scrutinised by the Civil Station Treasury Officer who is also the Auditor of the Civil Station Municipality.

26) The actual balance of 1946-47 and the closing balance of 1947-48 R E and 1948-49 B E are as follows -

1946-47	=	Rs 7,33,699
-1947-48	=	" 2,56,473
1948-49	=	" 19,280

The financial position may be summarised as follows

Actual income 1947-48 (R E)	Rs 19,87,803
Expenditure do- (R.E.)	" 21,99,453
Deficit	2,11,650
Expenditure sanctioned and - met from surplus	2,65,576
Total excess expenditure over receipts of the year 1947-48	4,77,226
Estimates income 1948-49	20,95,078
Expenditure do	23,32,271
Deficit	2,37,193
Closing balance on 31-3-1949	19,280

27) - Under Rules 2 and 3(A) of the Budget Rules as approved by the Resident in his Notification No 687 dated 2-6-1938, the budget shall be a balanced budget on the year's working and any actual surplus shall be carried over to a surplus account and the surplus account should be maintained with a minimum balance of Rs 75,000/- The Budget has been prepared with a closing balance of Rs 19,280/- which falls short of the prescribed minimum balance by Rs 55,720/-, on the expectation that the Commission will have sufficient resources to maintain the minimum balance if Government takes over Medical and Educational Institutions It is not correct to prepare the budget on such expectations The taking-over of the Educational and Medica Institutions by Government is a big question involving a change in policy which has to be considered in all its aspects It may take a long time for decision and it cannot be foreseen whether under what conditions Government may take over Suitable reductions should therefore be made at least to keep a minimum closing balance of Rs 75,000/- if not more Taking into account the fact that the bal of over 7 lakhs which existed on 31-3-1947 is sought to be redu-

to Rs.19,000/- on 31-3-1949, this appears to be imperative To this end the following suggestions are offered

1 I Service Account - B Communications
5 lighting R E Rs 72,000 B E 80,000

28) The provision is increased to Rs 80,000/- to meet extra charges for lights to be put up This may be reduced to Rs 72,000/- This would ~~xxx~~ give a saving of Rs 8,000/-

2 I Service Account - C Education 4 Repairs to buildings & Original works Rs 18,000/-

29) The increases are stated to be on account of large repairs to School buildings found necesaary The average of 1945-46 and 1947-48 is only Rs ~~6,000/-~~ 5000 An addition of Rs.5,000/- may be made and budget fixed at Rs 10,000/- resulting in a savings of Rs 8,000/-

30) 3 I Service Account - D Public Health Water Supply - Purchase of Meters Rs 30,000/-

This is stated to include Rs 20,000 for meters ordered and Rs 10,000 for new purchases The actuals of 1945-46, 1946-47 and 1947-48 are Rs 1,752/-, Rs 3,264/- and Rs 12,703/- respedtively and the provision may therefore be reduced to Rs 20,000/- only to meet the liability of meters already ordered The purchase of new meters may be postponed The provision of an additional Rs 10,000 may be deleted.

31) 4 I Service Account - D Public Health - Drainage capital - Sewage scheme R E Rs,75,000/- B E Rs 83,000/-

The Budget may be reduced to Rs 75,000/- as no special reasons have been given in the explanatory note to Budget for enhancing the allotment to Rs 85,000/-

32) 5 I Service Account - D Public Health - 3 Sanitation
(2) Private Scavenging equipment
R E Rs 22,000/- B E Rs 30,900/-

R E may be repeated as B E and provision fixed at Rs 22,000/- as ro reasons have been given for the increased provision Thus the estimate may be reduced by Rs 8,000/-

33) 6 II Remunerative Enterprises Account -
2 Slaughter House - (3) Repairs
R E Rs 3,000/- B E Rs 5,000/-

The actuals of 1946-47 are only Rs 3,819/- and Rs 707/- respectively The B E may be reduced to Rs 3,000/- which is the same as R E resulting therefore in a saving of Rs 2,000/-

34) 7 II Remunerative Enterprises Account - D Land Development
Ordinary Repairs to buildings
R E Rs 4,000/- B E Rs 10,000/-

The actuals for 1946-47 are Rs 4,231/- and R E Rs 4,000/- The Budget may therefore be fixed at Rs 4,000/- and excess disallowed

This results in a saving of Rs.8,000/-

35) The following small savings are also proposed based on average actuals:-

1 Service Account - D Public Health - Epidemic and Endemic diseases

(2) Infectious Diseases - Plague Vaccine B E Rs 2,000/-

The actuals for 1946-47 and 1947-48 are practically nil sum of Rs 1,000/- may be retained reducing the provision by Rs 1,000

(3) Malaria - Disinfectant B E Rs 3,000/-

Based on the actuals of 1945-46, 1946-47 and R E 1947-48 which are Rs 1,936/-, Rs 1,839/- and Rs 2,000/- respectively, Rs 2 000/- may be retained as B E and Rs 1,000/- ~~may~~ disallowed resulting in saving of Rs 1,000/-

(4) Births and Deaths - Maternity and Child Welfare scheme - Repairs to buildings B E Rs 2,000/-

The actuals of 1945-46, 1946-47 are only Rs 1,275/- and Rs 732 respectively B E may be reduced to Rs 1,000/- resulting in a sav of Rs 1,000/- since in the R E 1947-48 works to the extent of Rs 2,475/- have already been provided

Water Supply (ordinary)

(2) Meters - Repairs to Meters R E Rs 1,500/- B E Rs 3,000/-

Actuals of 1945-46, 1946-47 are only Rs 877/- and Rs 2,224/- B E may be retained at Rs 2,000/- Savings Rs 1,000/-

If the above reductions are made, there will be a total saving of Rs 56,000/- This amount with the expected closing balance of Rs 19,280/- will ensure that the prescribed minimum closing balance of Rs 75,000/- is maintained

36) Property tax is now levied at 8% of the annual value including 1% for lighting and 2% for scavenging At 1% the amount received towards lighting works up to Rs 48,000/-(1/8th of Rs 3,84,000) while the expenditure on lighting is Rs 72,000/- As regards scavenging also, the expenditure has risen from Rs 37,000 in 1942-43 to over a 1½ lakhs in 1947-48 and 1948-49 while the receipts at 8% are only Rs 96,000/- In view of the increased expenditure under Pay and Dearness allowances it is a matter for consideration whether the property tax may not be raised from 8 to 10% the maximum permitted by Section 41(1)(a) of the Bangalore Municipal Law to build up a sufficient account

57) The details available in this office are furnished below -

58) 1 Provision of Rs 1,28,129 in the Revised Estimate for 1947-48 This includes the normal grant of Rs 49,000/- towards maintenance charges and the grant of Rs 26,883/- 3-0 on account of Dearness Allowance Arrangements have been made for the payment of these two sums to the Municipality before 30-6-1948

59) It is ascertained that the balance represents extra amount payable by Government on 50% basis in accordance with the Chief Secretary's letter N- 4625/C B 345-45-2 dated 17-6-1946 to the Secretary to the Hon'ble Resident The figures furnished

by the Civil Station Municipality are under verification by the Inspector of Schools and a separate report will be submitted to Government

60) 2 Provision of Rs 39,952/- in the Budget for 1948-49 towards arrears payable for previous years This relates to the years 1945-46 and 1946-47 on 50% basis This is also being considered along with the claim for 1947-48 referred to above

Page 114 61) 3 Provision of 1,22,239/- in the Budget for 1948-49 This provision has been arrived at on the basis of 50% The normal grant payable (i e 77,000/-) has been provided in the State Budget and is included in the sum of Rs.2,78,440/- shown under "Grant to Civil Station Schools" on page 347 of the State Budget for 1948-49

62) As the payment of the Government share on 50% basis has not yet been finally accepted by Government, it is suggested that, while sanctioning the Budget of the Municipality for 1948-49, an observation be included to the effect that these figures are provisionally retained, pending the decision of the question of the payment of the State share on 50% basis.

In letter No L 17142 dated the 27th May 1948, the President Ml Commission was apprised of the above reductions and requested to furnish the views of the Ml. Commrs. He was also requested to furnish information on the following points

(1) Why provision was not made in the budget for expenditure in connection with the recently enhanced rates of Dearness Allowance to Ml Employees

(11) Why property tax should not be raised from 8% to 10%, the maximum permissible limit under Section 41(1)(a) of the Bangalore Ml Law, so as to meet increased expenditure under lighting & scavenging

Budget Estimate of the Bangalore Cantonment Municipality for 1948-49

68) In the present letter dated the 6th July 1948, the President, Mil Commn has furnished reasons for not pressing for the enhanced rates of Dearness Allowance. He says that at the time of preparing the budget, Govt had turned down the proposal of the Mil Commn to grant enhanced rates of Dearness Allce & hence no provision was made. As regards the enhancement of property tax from 5% to 10%, the Mil Commn is stated to be of the opinion that in view of the intention of Govt to amalgamate the city & the Cant Station Mlty it is not desirable to increase the property tax as regards the cuts aggregating Rs 56,900 suggested by the President, Mil Commn, he reports that the Mil Commn considered the matter and agreed to a reduction of Rs 28 000 as shown below (Ex. A)

Heads	Reduction	
Lighting	Rs 5000	Out of the total reduction of Rs 28000 agreed to by the Mil Commn, a sum of Rs 20000 is proposed to be restored by the Mil Commn for Blackpally High School, thus the net amount reduced being only Rs 8000 under (1) repairs & Sanitary Hall House 2000 (2) Plague vaccine 1000 (3) Child welfare 1000 (4) Repairs to roads 1000 (5) Education 3000 Rs 8000

Budget of the Coal Station Municipality for 1948-49

of Rs 1,62,191 including arrears of grant of Rs 39952, It is stated by the Ml Commr that it is in accordance with the orders of Govt conveyed in letter No 4625/CB 345-45-2 dated 17-6-46 of the Chief Secy to Govt agreeing to the division of the Expenditure on Ml schools on a basis of 50-50 from the year 1945-46 It is ~~also seen that~~ requested by the D.P.I that this is under consideration of Govt

the sum of Rs 128,129 due from the Govt to the Ml Commr for the year 1947-48 includes the normal grant of Rs 49,000 towards maintenance charges and the grant of Rs 26,883 on account of Dearness Allowance ~~that~~ arrangements have been made by the D.P.I for paying the amount to the Mlty by 30-6-48

As regards the budget provision of Rs 122,239 for 1948-49, the D P I states that this has been arrived at on the 50% basis It is also brought to notice by him that the normal grant payable is Rs 77000 for the Coal Station and that this amount

has been provided in the State Budget by including it in the aggregate sum of Rs 2,78,440 shown under "Grant to Govt Station Schools on page 347 of the State Budget for the year 1948-49

74) The DPI adds, in this connection, that as the payment of the Govt share on 50% basis has not yet been finally accepted by Govt, it is suggested that while sanctioning the budget of the Govt Station for the year 1948-49, an observation be included to the effect that these figures are provisionally retained pending decision of the question of the payment of the State share on 50% basis

75) Orders are solicited re grant of Rs 50000 under Public Health on page 29 of the Printed Budget and this amount has to be given by the Govt of India from the General Reserve in view of the opinion of the Govt Legal Financial Adviser in para 45 of notes & orders

is the Budget Estimate for 1948-49

This is prepared on the basis of the rules & instructions issued by the Hon'ble the President in 1937 & 1938.

The estimates have been scrutinized by the Comptroller to get the figures certain remarks with a view to reducing the expenditure by about Rs 56000 These were communicated to the President of the ML Commission and his views were called for. He has suggested that as far as possible to reduce only a sum of Rs 25000 / each of the heads proposed in the Budget Estimates

The Budget position for 1948-49 is as follows:—

	Rs
Opening balance	2,56,477
Receipts	20,50,78
Expenditure	23,32,271

(7) ML247 Budget Estimates for 48-49 of the ML Corporation, Local Fund Bangalore

76(B) There is a deficit of Rs 2,37,193

81) The opening balance of Rs 2,56,473 is treated as what is called a "surplus account" from this account it was proposed to ~~take~~ draw a sum of Rs 2,37,193 to meet the above deficit. If this is done, the closing balance would be Rs 19,280 according to the instructions issued for the preparation of the budget by the President, the minimum available should be at least Rs 75,000/- under the surplus head. But subsequently altered for fund have been communicated by the President, ML Corporation, Bangalore, so as to leave a closing balance under surplus account of Rs 19,280 for the year 1948-49

Items under V & VI - Revenue & Contribs & Post Grant remain unchanged under both Receipts & Expenditure during the year

The President was requested to examine the desirability of increasing the prospective Park Rates stated that in view of the contemplated amalgamation of the adjacent Station Municipalities, it is not desirable to increase the Park.

While sanctioning the Budget for 46-47, the Resident had directed that a sum of Rs 1,50,000 should be provided out of the realisations of Rs two lakhs for the Monkey Type Towards the cost of Lots for payment to the Central for the works necessary to cover the cost of improvements & repairs of roads. Since that Department has claimed the amount, it is proposed to treat it as Loans and advances & utilise the amount under Surplus account. Orders presented to the Dewan on 15 & 47, the Municipal

Commission have prayed that this amount maybe specially made over to the MCity from Govt. It is very necessary that it should be made over to the MCity to meet the expenditure on the items by including it in the Capital account. This limit is towards the Contribution account in respect of Municipal roads, Education Dept to maintenance of schools & road fund, they have yet to be realized even for 1927-28

I agree

Although provision has been made under

Page 29 of the Budget Estimates

83) In regard to the maintenance of Schools in the Civil Station area it is seen that the provision made is based on the assumption that it will get grant of 50% basis, finally the principle has not yet been decided, but

The Director of Public Instruction has stated that the figures may be retained provisionally, pending decision on the question

This may perhaps be appropriate

86) The financial condition of the HC Commission is not satisfactory it behaves the HC Commission to minimize the expenditure on all items & devise ways & means of augmenting the resources. Extraordinary items of an obligatory nature only should be met

87) The HC Commission has framed the budget for the year from 1st April 1948 up to end of March 1949 since after 15th August 1947, this has become important as the State completely & all the laws are made applicable thereto, a supplementary budget will have to be prepared for three months from April to June 1949 it is likely that by

Copy of Memorandum No. R.F. 234-47/Bud dated the 30th June 1947 from the Secretary to the Hon'ble the Resident in Mysore to the President, Municipal Commission, Civil Station, Bangalore.

Budget estimates of the Municipal Commission, Civil and Military Station, Bangalore - Your letter No.3212/46, dated the 26th March 1947.

Reference your U/O Note No.3212/46 dated the 30th May, 1947.

2. The Hon'ble the Resident is pleased to sanction the budget estimates of the Municipal Commission, Civil and Military Station, Bangalore for the year 1947-48, subject to the following remarks -

The financial position of the Municipal Commission may be summarised as follows -

Actual income for 1946-47		Rs.	24,88,480
Expenditure for 1946-47.		"	21,14,146
Surplus.		"	3,74,334
Estimated income for 1947-48		"	20,99,332
Expenditure for 1947-48		"	25,24,421
Estimated Deficit.	(-)	"	4,25,089

One point which is important to keep an eye on is that the Municipal Commission, as far as possible meets the expenditure on all normal items from their normal revenues and that the budget is not framed on the assumption of the receipt of grants from Government The normal expenditure proposed in the budget exceeds the normal receipt by Rs.4,25,089/- as shown above. There was, however, a closing balance of Rs.5,16,951 at the end of 1946-47 which will result in there being on hand at the close of the year 1947-48, Rs.91,862. This balance of Rs.91,862/- will not be sufficient to meet the Commission's liability in connection with the sale of the land in Monkey Tope to the extent of Rs.2 lakhs in respect of which the Political Department's Orders as contained in their memorandum No.F.61(3)-I.B/47 dated the 22nd April 1947, must be followed. The Government grant of Rs.50,000/- for Public Health Purposes should therefore be omitted on the receipt side of the Budget and a sum of Rs.1,50,000/- should be provided on the expenditure side for payment to Central Public Works Department to cover the cost of improvements and repairs to Municipal Roads. The Commission have thus to find a provision of Rs.2,75,000/- to cover the following items -

(1) Reserve.	Rs	75,000
(2) Monkey Tope liability (as suggested above)	Rs.	2,00,000
		2,75,000

To make up this amount the measures suggested by the Commission for increasing the revenue by new taxation which would yield a sum of Rs. 1,25,000/- are approved and a cut of Rs.74,000/- is also made under the following items -

(1) B. Communications -

(2) Roads (ii) Other Roads.

(1) B Communications

(2) Roads (ii) Other Roads.

Cantonment Roads -------
Increased expenditure
Propose d. Rs. 50,000

(2) Town Planning -
Monkey Tope Scheme
(b) Payment to Government
for land and trees. Rs. 24,000

Rs. 74,000

This will increase the surplus to Rs.2,90,862/- as shown below -

Closing balance as shown in the budget.	Rs.	91,862
Reduction as suggested above	Rs.	74,000
Revenue anticipated from new taxation	Rs.	125,000
--- -- ---	Rs.	290,862

Out of this the Commission may meet the expenditure on the following items proposed in Part B of the Budget which have been approved by the Hon'ble the Resident.

(a) Item 6. Construction of Sweepers' huts 28,500

(b) Item 7. Nissen huts for Ulsoor Mohammadan Girls' School Rs. 6,000

Rs. 34,500

3. It is requested that three copies of the budget as revised on the lines indicated above may kindly be sent to this Residency at an early date.

No RF. 249-46/Bud.

From The Secretary to the Hon'ble the Resident in Mysore.
To The President, Municipal Commission, Civil & Military Station, Bangalore.

Dated Bangalore 4th June 1946.

BUDGET ESTIMATES OF THE MUNICIPAL COMMISSION, CIVIL & MILITARY STATION, BANGALORE FOR 1946-47.

Sir,

I am directed to refer to your letter No.672/46, dated the 12th March 1946 and to convey the Hon'ble the Resident's sanction to the Municipal Commission's budget for 1946-47 subject to the following remarks -

B. Communication.
(2) Roads. (1) Military Roads.

The increased contribution of Rs.35,000/- per annum for the maintenance of military roads, which was sanctioned for the duration of the war- vide memorandum from this Residency No. RF 425-45/G&A., dated the 14th April 1945 - requires to be reviewed now in view of the termination of the war. It is accordingly requested that the position may kindly be examined and your proposals sent to this Residency at an early date.

Water Supply Account.

The revenues under Entertainment Charges and fees for advertisements were transferred from Water Supply Account to General Revenues in 1945-46 as the Commission were then able to balance the Water Supply Account. Since the budget for 1946-47 shows that there will be a deficit of Rs.22,811 in the water supply account the question of re-transferring these two items may be considered.

II Remunerative Enterprises Account.
C. Tree Planting
Salary & D.A.

It is observed that the Commission have passed a Resolution for making permanent the temporary staff recently sanctioned for extra planting to replace trees cut. As the temporary staff was sanctioned only in June 1945, it seems too early to make it permanent. It is therefore suggested that the staff may continue on a temporary basis for this year. The question of making them permanent may be considered next year.

Town Planning Act Schemes.
Capital.
Sale proceeds of lands and buildings.
Monkey Tope Scheme.

It is requested that the actual surplus may be reported to this Residency as soon as the land is auctioned and the roads are formed in connection with the above scheme.

Government Grant to Municipal Commission
Payment of D.A.

In view of the improved financial condition of the Commission - Vide your u/o note No 672/46, dated the 21st May 1946 - the request for a Government grant for payment of d.a has not been considered.

Property Tax.

This is now 8% including 1% for lighting and 2% for scavening. At 1% the amount realised towards lighting works out at Rs 43,000/-

Rs.43,000/- (1/8th of 3,44,000 Property Tax) while the expenditure on lighting has been heavy at Rs.70,000/- since 1942-43. As regards scavenging also, the expenditure has risen from about Rs.37000/- in 1942-43 to Rs.1,16,000/- in 1946-47 while the receipts at 2% have increased by only a small percentage from Rs.70,000/- to Rs.86,000/- (Expenditure figures exclude overhead charges). In view of the deficits in both accounts and the expanded activities of the Commission the question of raising the Property tax from 8 to 10% the maximum permitted by Section 41 (1)(A)(a) 1 may be considered. This may bring in an additional revenue of about Rs.90,000/-. The question of enhancing the Conservancy fees may also be considered as the fees under this head have been steady at Rs.5,000/- in spite of increased expenditure.

2. The Hon'ble the Resident's sanction should be obtained separately for all items included in the statement B.

3. It is requested that three copies of the budget may kindly be sent to this Residency.

No. Rl/896/46 dated 17th September 1947.

To

The Secretary to the
Government of His Highness the Maharaja of Mysore,
Revenue Department, Bangalore.

Sir,

Sale of sites in Monkey Tope.

I have the honour to invite a reference to the address presented to the Dewan of Mysore, on the 15th August 1947, wherein a request was made to allow the Municipal Commission to retain the sale proceeds of the "Monkey Tope" building sites.

2. The facts of the case are explained below.

3. In 1939, the Government of Mysore in their letter to the Residency, No.Pol. 403/M.L.48-38 dated the 15th September 1939, sanctioned the lay-out of a 100 feet wide road of which a length of 1,400 feet was to be in the Civil & Military Station, and they suggested that the portion of road lying within the Station limits be laid out by the Municipal Commission. The Commission then requested the Hon'ble the Resident to move the Crown Representative to transfer to them the Government land known as the "Monkey Tope" free of cost for the purpose. They also requested that they may be permitted to sell the land not required for the road as buildingsites and credit the sale proceeds to Municipal funds, since the Commission would have to incur a large expenditure for making the road and also for acquiring private lands for the purpose. A copy of the Commission's letter No. 3111/40 dated 26th April 1941 is enclosed. The matter was referred to the Political Department - vide Residency letter No.R.F. 456-40 dated the 13th August 1941 (copy enclosed and they raised the point whether the Commission should not pay to the Government the excess, if any, of the realisations by the sale of the land over the actual cost of the road project. It was then explained that the whole scheme was estimated to cost about Rs.40/- to 45,000/- while the sale proceeds were estimated at only about Rs.45,000/- and that the surplus, if any, would be on the small side which should

which should reasonably be credited to Municipal revenues for the following reasons -

(1) There was an element of risk involved in the scheme and it was being carried out at the request of the Mysore Government,

(2) The supervision would be done by the Municipal Commission without any charge.

The Political Department agreed to this vide their letter No.F 3241 dated the 8th January 1942 (copy enclosed.)

4. The scheme was however held up on account of certain legal difficulties. The additional Judge of the Hon'ble the Resident's Court held in an appeal concerning land acquisition proceedings that the Municipal Commission had no power to, acquire and sell lands at a profit. As the "Monkey Tope" scheme envisagedathe sale of land by the Municipal Commission at a profit the necessary powers were taken by amending the B.M.L. vide Section 76-A.

5. The Scheme materialised only in 1946. The land not required for the road including private lands purchased by the Commission were laid out and sold by public auction and the sale proceeds credited to Municipal funds. When the Municipal Commission's resolution accepting the highest bid amounting to Rs.3,96,800/- was forwarded to the Residency for confirmation they raised a new point. They argued that the Municipal Commission could not retain the surplus as it was not anticipated when the land was given over to the Commission that the scheme would yield any surplus. The Political Department agreed with that view and decided that the sum of Rs.2 lakhs should be admusted by reduction in the grants-in-aid payable to the Commission including the graint-in-aid for the sewage disposal scheme and for the improvement and repair of Municipal roads Copies of the Residency letter to the Political Department No.R.F. 398-44 dated the 27th February 1947 and of the Political Department's reply dated the 22nd April 1947, are enclosed.

6. The Commission feel that for the reasons stated below they and

they and not the Government are entitled to the surplus funds -

(1) The Commission ran a risk in acquiring lands for conversion into building sites and undertaking to construct roads, drains, sewers lights and other amenities required for the conversion of this waste-land into building sites. At the time the scheme was initiated, there was no guarantee that the price of land would go up or that the cost of engineering works would keep down If thescheme had resulted in a loss, the Municipal Commission would not have asked the Government for a grant to cover the loss.

(2) The Government having agreed to transfer theland over four years ago and having agreed that the Commission were entitled to the surplus profits from sale of the plots, they cannot now ask them to pay for the lands merely because the surplus profits were much more than what the Government anticipated at the time the transfer was asked for.

(3) If at all the points was raised, the Government should have raised it in 1943 when the Political Department, after full consideration of the legal difficulties referred to above, decided to introduce section 76-A to the B.M.L. with a view to allowing the Municipal Commission to divide lands into building plots and "sell them at a profit".

(4) The persons who bid at the auctions offered high prices primarily in view of the assurance given that the money realised would be spent on amenities in the area. It is therefore incumbent on the Municipal Commission to carry out the promise irrespective of the amount of expenditure they will have to incur by way of capital and recurring charges. Moreover the Municipal Commission have already been asked to pay Rs.71,000/- towards additional compensation to parties whose lands were acquired and this amount is proposed to be met out of the amount of Rs.2 lakhs in question.

7. Another argument I would urge in support of the line taken by the Commission is that as explained below, the financial position of the Municipal Commi...

the Municipal Commission is becoming precarious and they can hardly forego the amount in question -

(1) The surplus account has now dwindled from Rs.7,79,105/- on 1-4-47 to Rs.42,097/- vide statement enclosed.

(2) The grant of dearness allowance is a great drain on Municipal funds. The expenditure on this account during the current year is estimated at 5 lakhs. The Government were pleased to sanction a grant of Rs.50,000/- in 1944-45 on this account, but did not continue the grant in subsequent years on the plea that the Commission could meet the expenditure from its own finances. The Central Government have sanctioned enhanced rates of dearness allowance to Government servants, and it is highly necessary both in the interests of the staff and efficiency of Municipal administration that the revised rates should be extended to Municipal servants. The net extra expenditure would be about Rs.77,000/- for the remaining part of the current year. The Commission have no funds to meet this and the Government are being addressed separately on this subject.

(3) The Municipal Commission have no funds to meet the various desirable schemes of public utility as shown in the enclosed statement although they have been approved by the Commission. These schemes have been shelved on account of lack of funds.

8. In the circumstances, I request that the Government may be pleased to reconsider the previous decision and kindly accord sanction to the Municipal Commission retaining the sum of Rs.2 lakhs in question.

I have, etc.,

From

The Secretary to the Hon'ble the Resident in Mysore,

To

The President, Municipal Commission, Civil & Military Station, Bangalore, Dated Bangalore, the 12th June 1937

BUDGET ESTIMATES OF THE MUNICIPAL COMMISSION

Sir,

I am directed to refer to your letters No 1153/37, dated the 10th March 1937 and No 1845/37, dated the 21st April 1937. The Hon'ble the Resident desires to make the following remarks.

2 Budget for 1936-37

(1) It is observed that there is still a large variation between estimates and actuals The budget balance for the year was originally estimated to be Rs.89,867/-, but the actual balance on 1st April 1937 according to your letter of the 21st April 1937, was Rs 2,65,834/-. Exclusive of the sum of Rs 1,14,750/- due to the Mysore Government, the revised estimate balance (Rs.1,51,234/-) was out by Rs 61,367/- There is clearly room for great improvement in budgetting.

(2) Will you please explain why the sum of Rs 1,14,750/ was not paid to the Mysore Government before the close of the year?

(3) Below are examples of large variations between estimates and actual expenditure -

Items of expenditure.	Original Appropriation.	Provision as it stood after the reduction ordered in the Residency letter of the 16th Noverber 1936	Revised allotment sanctioned at the instance of the Commission.	Actual Expenditure	Excess Savings
	Rs.	Rs.	Rs	Rs	Rs
1 Foorpaths	10,000	7,000	9,000	6,070	-2,930
2 Acquisition of land	10,000	--	6,000	1,680	-4,320
3 Expenditure from rents from Model Houses.	55,000	12,000	14,000	37,461	+ 23,461

The large excess under item 3 Rents from Model Houses - calls for special notice In the Budget for 1936-37 a sum of Rs 55,000/- was provided under this head In paragraph 7, 1(4) of the Residency letter of November 16th this amount was cut down to Rs 12,000/- In your letter No 1165/36, dated the 2nd December 1936, you anticipated that the expenditure would be Rs 14,000/- owing to certain works having been put in hand before the receipt of the letter of November 16th The actual expenditure was Rs.37,461/- You are requested to explain these figures.

4. Budget for 1937-38

(1) Excluding Government grants and advances and the amount of the water bill (Rs 1,14,750/-) payable to the Government of Mysore during 1936-37, the budget position of the Municipal Commission at the end of 1937-38 as proposed by them may be analysed as follows -

	Credits.		Debits.	Balance Excess + Deficit -
	Rs,		Rs.	Rs
I. Current year's Account.				
Municipal receipts.	10,27,380	Expenditure of the year	11,18,448	-91,068
Rent Account receipts.	37,782	-do-	6,250	+31,532
II Surplus and Rent Account.				
Opening Balance Municipal Account proper (Rs.1,81,234/- less rent balance Rs.1,08,806/-)	42,428	-do-	nil	+42,428
Rent Account.	1,08,806	-do-	nil	+1,08,806

(2) The Hon'ble the Resident desires the Commission to produce a balanced budget on the year's working He wishes that the Surplus Account and rent account should be kept separately and that no expenditure should be incurred from the Rent Account without his sanction Expenditure from the Rent Account should of course be confined to the objects previously determined. Expenditure from the Surplus Account should ordinarily be confined to non-recurring expenditure outside the normal budgetary charges of the year

(3) To help the Commission to produce a balanced budget this year he directs that the following modifications shall be made

Heads of Accounts	Actuals of 1936-37 or average of 3 years	Budget 1937-38	Difference	Proposed addition
	Rs.	Rs	Rs	Rs
I. Addition to Revenue				
(1) Water tax.	178062	177000	+1,062	1,000
(2) Excess water	67956	65000	+2,956	2,000
(3) Water supply to military.	49314 (3 years average)	46000	+3,314	3,000
(4) Meter rents.	14731	13000	+1,731	1,700
(5) Property Tax.	234738	233000	+1,738	2,000
(6) Duty on transfer of property	15239 (3 years average)	10000	5,239	5,000
				14,700

Heads of Accounts	Actuals of 1936-37 or average of 3 years	Budget 1937-38	Difference	Proposed reduction.
II Reduction in expenditure - Ordinary Expenditure				
(1) Water supply distribution.	7,900	9,000	-1,100	1,000
(2) Unfiltered water supply	5,107 (3 years average)	9,000	-3,893	2,000
				3,000
				17,700

Fresh items

Dry Fish Market 9,500

Note - Provision for the market was included in the budget for some years in the past, but it was allowed to lapse. In the Residency letter of the 16th November 1936 it was stated that until the scheme was ready in all respects no funds should be provided It has not been explained whether the plans and estimates are ready The scheme may be deferred until finances permit

(4) Improvements to Kodi Channel 12,500

Note - The provision in the budget for 1936-37 was not used This has not been explained. It has not been explained whether plans and estimates are now ready The scheme may be deferred until finances permit.

(5) Grant for a free reading room 600

Note - This expenditure required the previous sanction of the Hon'ble the Resident and should have been shown in a separate statement appended to the budget in accordance with rule 3 of the Budget rules This may be omitted as finances do not allow of it

(6) Grant to Sreemathi Annavasanthi Sanger vide also President, Municipal Commission's letter No.5313/36, dated the 5th March 1937 200

Note - This expenditure required the previous sanction of the Hon'ble the Resident and should have been shown in a separate statement appended to the budget in accordance with rule 3 of the Budget Rules It may be omitted for the same reason.

(7) Purchase of water pump 30,000

Note - The explanation in the budget note is not sufficiently clear The reason for the payment is not explained This expenditure if essential should be charged against the surplus account and you are requested to make the required application giving full particulars

Total modification proposed 70,500/-

(4) With these savings , the balance in the Municipal Budget at the end of the year 1937-38 should stand approximately as follows -

	Current Year's account Rs	Surplus account Rs
Balance shown in paragraph 4(1)	-91,068	+ 42,428
Modifications suggested in paragraph 4(3)	+ 70,500	-30,000
	20,568	+ 12,428
if received in 1937-38 Amount due from military		56,572
		+ 69,000
Add amount transferred from the Surplus Account to current years Account to balance the budget.	+ 20,568	- 20,568
Municipal balance excluding Government grant and advances		+ 48,432
Government grant balance		+ 7,300
Total.		+ 55,732
Advances.		-19,319
Net Balance		+ 36,413

The transfer from the surplus account to meet the current deficit is most undesirable and in any case, such a deficit budget cannot be accepted next year. A balance of Rs.1,00,000/- should be aimed at in future and in any case the surplus should not be reduced to a dangerously small figure.

(5) You are requested to examine and report on the possibility of savings in the provision of Rs.50,000/- and Rs.15,000/- included in the Budget under "(3) - Other Roads Cantonment Roads"

(6) I am to request that the Municipal budget for 1937-3 may be revised on the lines indicated above. It should be accompanied by the following statements -

(1) Surplus Account for 1937-38.
(2) Rent Fund Account for 1937-38.

(7) The budget should in future be accompanied by

(a) The statements of all capital expenditure on works required by Budget Rules 1 (i.) and (3) These were not forwarded previously
(b) A separate statement showing receipts and expenditure under the Surplus Account prepared according to the instructions in this letter
(c) A separate statement showing receipts and expenditure under the Rent Account prepared according to the instructions in this letter

The figures of receipts and expenditure under these heads should not be included in the budget proper Amendments required in the budget rules will be issued later.

5 Water supply account The receipts, expenditure and deficit under the water supply account from 1933-34 to 1937-38 are as noted below -

	Receipts Rs	Expenditure Rs.	Deficit Rs.	
1933-34				
Budget	2,56,530	5,07,615	2,51,085	Grant paid 2½ lakhs of which 1 lakh was for purchase of meters
Actuals	2,17,867	5,05,669	2,87,802	
1934-35				
Budget	2,87,370	4,44,225	1,56,855	Government grant Rs 88,943/-
Actuals	3,42,656	4,31,599	88,943	
1935-36.				
Budget.	3,24,620	4,26,140	1,01,520	
Actuals.	3,47,224	4,14,555	67,331	
1936-37.				
Budget.	3,53,870	4,37,060	83,090	
Actuals.	3,80,969	4,19,120	38,151	
1937-38				
Budget.	3,72,675	4,17,950	45,275	
Probable actuals.	3,80,175	4,12,950	32,775	

The above account shows that the deficit is rapidly diminishing and that the probable deficit for 1937-38 will be only Rs 32,775/- It is possible that at the close of the year's working the deficit will be still less With reference to your letter No 1012/37, dated the 5th April 1937, I am to say that the Hon'ble the Resident cannot guarantee a grant this year to meet the water supply deficit and the budget must therefore be framed on the anticipation that such grant will not be given It it is given, the resulting surplus can be added to the surplus account and will be available for capital expenditure in 1938-39

6. Rent Fund The Rent Fund balance will stand at Rs.1,40,338/ at the end of 1937-38 The scheme for converting the sweeper huts on Robertson Road into living quarters at a cost of Rs.23,000/- referred to in your letter No 1097/36, dated the 4th March 1937 is approved The expenditure should be met from the balance referred to above and included in the rent account budget I am to request you to resubmit the proposals for the acquisition of houses in pension lines, Mootoo-Cherry and Grass Cutters' Lanes if you intend that any expenditure under this scheme should be incurred during 1937-38- Otherwise please submit the scheme early in 1938 for inclusion in the 1938-39 budget estimates of the Rent Fund Account.

Sir

I am directed to invite a reference to your letter No 9274 dated the 20th December 1915 and to say that the Government of India sanction the exemption of Volunteers who own motor cycles from municipal taxation on their cycles subject to the following conditions -

(*a*) That exemption shall ordinarily be granted to members of a *motor cycle company* half company, or section

(*b*) that exemption may also be granted to other Volunteers who have made themselves efficient in the *previous year* and whose *motor cycles* are certified by the officer commanding their corps to be in good order and of *actual service* for the work of the corps

(*c*) that the exemption shall be restricted to only one motor cycle for each Volunteer

2 I am to request that the necessary steps may be taken to *bring exemption into force in all the municipalities concerned* and that in cases where municipalities do not at the present time tax motor cycles or motor cyclist volunteers do not exist arrangements may be made that if such taxes are introduced in future or local motor cyclist volunteer units are formed such formations will be exempted from taxation

Deficit		2,37,193
CLOSING BALANCE ON 31-3-1949	Rs	19,280

It is seen that the above Budget has been prepared with a closing balance of Rs 19,280 which falls short of the prescribed minimum balance by Rs 55,720 on the expectation that the Commission will have sufficient resources to maintain the minimum balance if the Government takes over the Medical and Educational Institutions These proposals are still under the considertion of Government Government observe that it is not correct to prepare the Budget based on such expectations The taking over of the Educational and Medical Institutions by the Government is a big question involving a change in policy which has to be considered in all its aspects It may take some time for the Government to arrive at a decision

In these circumstances, It is imperative to effect suitable reductions in the provisions made in the Budget so as to maintain the prescribed minimum closing balance of Rs 75,000 having regard to the fact that the closing balance of over seven lakhs which existed on 31-3-1947 is sought to be reduced to Rs 19,000 on 31-3-1949

The modifications suggested so as to secure a total savings of Rs 56,000 are noted below -

1 Service Account - B Communications - 5 Lighting

The provision of Rs 80,000 will be reduced to Rs 72,000 based on the Revised Estimate

2 1 Service Account - C Education - 4 Repairs to Buildings and original works -

The average of the years 1945-46 and 47-48 is only Rs 5,000 An addition of Rs 5,000 is allowed and the provision fixed at Rs 10,000

3 1 Service Account - D Public Health - Water Supply - purchase OF METERS Rs 30,000

The provision is reduced to Rs 20,000 to meet the liability of the meters already ordered, the purchase of new meters being postponed

4 1 Service Account - D Public Health - Drainage - Capital Sewage Scheme Rs 85,000

The provision is reduced to Rs 75,000 as no special reasons have been given in the explanatory column

5 1 Service Account - D Public Health - 3 Sanitation - 2 - Private Scavenging equipment Rs 30,900

The provision is fixed at Rs 22.000 based on the revised Estimate

6 II Remunerative Enterprises Account - 2 Slaughter House - (3) repairs Rs 5,000

The provision is reduced to Rs 3,000 based on the revised estimate

7 D Development - Ordinary repairs to buildings Rs 10,000

The provision is reduced to Rs 4,000 based on the revised estimate

1 Service Account - D Public Health (a) Plague Vaccine Rs 2,000

The provision may be reduced to Rs 1,000

(b) Malaria Disinfectant Rs 3,000 -

The provision may be reduced to Rs 2,000 based on the Revised estimate for the year 1947-48

(c) Births and Deaths - Maternity and Child Welfare Scheme Repairs to Buildings Rs 2,000

The provision will be fixed at Rs 1,000 since in the Revised Estimate for the year 1947-48 works to the extent of Rs 2,475/- have already been provided

(d) Water Supply Ordinary - 2 Repairs to Meters - 3,000

The provision will be reduced to Rs 2,000

It is not clear why no provision has been made in the Budget for the expenditure involved on account of the proposal to grant enhanced rates of

of dearness allowance to the Municipal employees

It is also seen that the property tax is now being levied at 8% of the annual value including 1 % for lighting and 2% for scavenging At 1 % the amount received towards lighting works upto Rs 48,000 (1/8th of Rs 3,84,000) while the expenditure on lighting is Rs 72,000 As regards scavenging also, the expenditure has risen from Rs 37,000 in the year 42-43 to over 1½ lakhs in 1947-48 and 1948-49, while the receipts at 2% are only Rs 96,000 In view of the increased expenditure under Pay and Dearness Allowance, the Municipal Commission may consider the question as to whether the property tax may not be raised from 8 to 10% being the maximum permitted under Section 41(1)(a) of the Bangalore Municipal Law, so as to build up a sufficient amount

I am to request that your further views in the matter may be furnished to Government very early

MUNICIPAL BRANCH

Sir,

Subject.- Budget Estimates of the Civil Station Municipality for the year 1948 - 49 - Your letter No.L.17142 dated the 27th May 1948.

In continuation of this office letter No B.2-2572/47 dated the 12th June 1948, I have the honour to inform you that the Municipal Commission before whom your above letter was placed for consideration at its meeting held on the 24th June 1948 approved of the following modifications

Para 4 - 1. Service Account - B Communications - 5 Lighting - Provision Rs 80,000/- reduced to Rs 72,000/-

The monthly bill for royalty amounts to Rs 6,164-7-0 based on the bill for April 1948 The annual expenditure on this basis works out to Rs.73,973-4-0 As the Superintendent, Bangalore Power and Lighting, has already been addressed to arrange to instal new lights at various places, an expenditure of Rs.75,000/- on the whole is anticipated Hence a cut of Rs.5,000/- only is possible and this amount may be appropriated for Blackpally High School - vide my letter No B.2-406/48 dated the 9th June 1948

(2). 1- Service Account - C. Education - 4 Repairs to Buildings and Original Works - Provision Rs 18,000/- (includes extra provision for large repairs to schools) reduced to Rs 10,000/-

The Commission agreed to the cut of Rs.8,000/- proposed, but recommended that a sum of Rs.5,000/- be re-appropriated for

P.T.O

Blackpally School - vide my above letter.

(3). 1- Service Account D Public Health - Water Supply - Purchase of meters - Rs.30,000/- reduced to Rs.20,000/-.

The Municipal Commission agreed to the reduction proposed but has recommended that this amount also may be re-appropriated for Blackpally High School.

(4). I. Service Account - D. Public Health - Drainage - Capital - Sewage Scheme - Rs 85,000/- reduced to Rs 75,000/-.

The provision of Rs.85,000/- includes Rs. 40,000/- for Kensington Road main which is under progress, Rs. 20,000/- for new mains and Rs.25,000/- for maintenance As the scheme as it stands requires a number of very important extensions and as no cut can also be made in the usual repairs, the provision originally made may be alloued to remain.

(5). I Service Account - D. Public Health - 3 Sanitation- 2. Private scavenging equipment - Rs. 30,900/- reduced to Rs 22,000/-.

The original provision under this head for 1947 - 48 was Rs.33,400/- The extension of departmental working of conservancy to Circles VII and VIII was not made from the 1st April 1947 due to the lorries being not ready. Departmental working actually started only from the 1st September 1947. There was thus large saving Hence the provision of Rs.22,000/- in the revised estimate for 1947 - 48 This therefore does not represent total one year's expenditure for all the lorries working now.

The provision of Rs. 30,900/- for 1948 - 49 has been based and worked out on the actual requirements and costs and as such it is essential to retain this.

(6) II. Remunerative Enterprises Account - 2 Slaughter Houses - (3) Repairs Rs 5,000/- reduced to Rs. 3,000/-

The Municipal Commission agrees to the cut proposed.

Summary of the Budget.

Cuts proposed by Government. *Rs.56,900/-*

Cuts agreed to by the Municipal Commission. *" 28,000/-*

(Out of the above sum of Rs.28,000/- a sum of Rs 20,000/- is proposed to be re-appropriated for Blackpally School - vide President, Municipal Commission's letter No.B.2-406/48 dated the 9th June 1948. This provision will be included in the Revised Estimate for 1948 - 49 after sanction to the expenditure is accorded).

The final position of the Municipal Commission is as follows -

Opening balance in the surplus account on the 1st April 1947 -		*Rs 7,33,699/-*
Receipts for the year 1947 - 48.	*Rs.19,87,803/-*	
Expenditure -	*Rs 21,99,453/-*	
Expenditure met directly from Surplus Account.	*" 2,65,576/-*	
	" 24,65,029/-	
Deficit.		*" 4,77,226/-*
Closing balance on 31st March 1948		*Rs 2,56,473/-*
Estimated income for 1948 - 49.	*Rs.20,95,073/-*	
Expenditure -do-	*" 21,58,271/-*	
Deficit.		*" 63,193/-*
Closing balance for 1948 - 49 in the Surplus Account		*Rs 1,93,280/-*

The difference between the revised figure of Rs 1,93,280/-

P.T.O.

and that shown originally viz., Rs.19,280/- is due to cuts under -

(1)	1. B. Communication - Roads - for payments to Central Public Works Department.	Rs.1,50,000/-
(2)	I. B. Communication - 5. Lighting.	" 5,000/-
(3)	I C. Education - 4. Repairs to Buildings and Original Works. Rs.8,000/- - Out of this one half is a credit to the Government grant and the actual saving in the Municipal Budget is	" 4,000/-
(4)	I. D. Public Health - 2. Infectious diseases - Plague vaccine.	" 1,000/-
(5).	I. D. Public Health - Births and Deaths- Maternity and Child Welfare - Repairs to Buildings -	" 1,000/-
(6)	Water Supply - 2. Repairs to meters.	" 1,000/-
(7).	-do- Capital - Purchase of meters.	" 10,000/-
(8)	II Remunerative Enterprises Account - 2. Slaughter Houses - (3) Repairs to buildings.	" 2,000/-
		Rs.1,74,000/-

MVL
12-7-48

(7) D. Land Development - Ordinary - repairs to buildings Rs.10,000/- reduced to Rs 4,000/-.

Comprehensive estimates for repairing 'A' and 'B' type houses on Robertson Road have actually been sanctioned by the Municipal Commission and tenders called for The estimates amount to Rs.4,679/- and the actual expenditure including increa in tender rates may be about Rs.5,500/- As there are other buildings such as 3 cattle sheds, 7 Cross Barrett Cottages and other Municipal buildings in need of maintenance and repairs, the balance of Rs.4,500/- will be necessary. Hence the provision of Rs.10,000/- may be allowed to remain.

I Service Account - D. Public Health -

(a) Plague Vaccine - Rs 2,000/- reduced to Rs 1,000/-

The Municipal Commission agrees to the reduction.

(b) Malaria - Disinfectants. Rs.3,000/- reduced to Rs 2,000/

We have started using D. D. T. in addition to spraying oil which we were using before The amount provided under this head is hardly adequate to meet our minimum requirements during the year and as such the original provision may be allowed to remain.

(c) Births and deaths - Maternity and Childwelfare Scheme Repairs to buildings - Rs 2,000/- reduced to Rs.1,000/-.

The Municipal Commission agrees to the reduction.

(d) Water Supply - Ordinary 2 Repairs to Meters Rs 3,000/- reduced to Rs.2,000/-

The Municipal Commission accepts the cut proposed.

Regarding para 5 At the time of preparing the Budget, Government had turned down the proposal of the Commission to grant enhanced rate of dearness allowance to Municipal employees - vide

your letter No.L.13121/M1-9-47-2, dated the 4th February 1948. Hence no provision was made in the budget.

Regarding Para 6. The Municipal Commission feels that in view of the intention of the Government to amalgamate the City and Civil Station Municipalities, it is not desirable to increase the rate of Property tax

A copy of Municipal Commission's resolution No.2 dated the 24th June 1948 embodying the above recommendations is enclosed.

If the cuts as amended in para 4 are approved, the closing balance in the Surplus Account will be Rs.27,280/-(Rs 19,280+Rs.8,000/-) But the closing balance in the Surplus Account of the Preliminary account for 1947 - 48 which became available after the Budget was prepared admits of the minimum balance of Rs.75,000/- required under the rules This was explained in my letter No.B.2-406/48 dated the 9th June 1948. In the circumstances, I request that the Government may be pleased to accord sanction to the Budget

I have the honour to be,
Sir,
Your most obedient servant,

President, M. C

The Budget and the Revised Budget have been prepared in accordance with the directions contained in letter No F 569 37/R O 11 dated the 12th June 1937 and instructions issued in the Hon ble the Resident s Notification No 68 dated the 2nd June 1938 amending the Budget Rules

The following is a review of some of the noticeable variations under the several heads —

I A Management Ordinary Page 4 Salaries Contingencies and equipment renewals Printing the increased provision under this head during the current year is due to printing of forms and registers for 3 years by the Residency Press in the early part of this year and also on account of printing the Municipal Law and Bye laws and proceedings of the Municipal Commission from October 1945 at King & Co Printers

Other Items The small increase under this head during the current year is due to charges incurred for payment of rent for the telephone installed at the Vice President s residence

4 **Law Charges** The increase under this head is due to payment of increased allowances from Rs 50/ p m to Rs 75/ p m with effect from 1 7 1947 to the Municipal Advocate and also on account of charges incurred for instituting cases against Manure Contractors and others

I B Communication 2 Other Roads Maintenance The provision of Rs 1 50 000 includes Rs 55,356 towards pay and allowance to staff and also Rs 15 000 out of the Central Road Reserve Fund

A further provision of Rs 1,50 000 is carried over to the Budget for 1948 49 for making payment to the C P W D for maintenance of roads as per Hon ble the Resident s orders for adjusting the excess realisation of Rs 2 lakhs out of the sale of sites in Monkey Tope, the balance of Rs 50 000 being adjusted against the recurring Sanitary grant payable to the Municipal Commission during the current year

Page 5 (1) Military Roads The sum of Rs 24 510/ shown in the Budget for 1948 49 represents the balance of contribution payable by the Military to the M C for maintenance of Military roads during 1946 47

Page 6 (3) Roads in general cost of collection Payment of remuneration to the Secretary to the P T A No provision has been made in the Budget for 1948 49 as the post of the D C P (Traffic) has been abolished

Page 6 (5) Lighting Royalty The increased provision for 1948 49 is for meeting the extra charges for lights to be put up

Page 7 Receipt side (3) Roads in General (a) Toll Receipts Large number of lorries released from the Military and other sources have come into extensive use for commercial purposes and are to day transporting fuel, bricks sand, stones jelly and various building materials thereby displacing carts which were used for this purpose Hence the fall in toll revenue

(b) **Fines** The provisions made are based on eight months actuals

Page 8 —I C Education-Contingencies (6) Equipment renewals Furniture Apparatus, Library books and maps (4) Repairs to buildings-Original works-the increases in the Revised Budget are on account of additional sections opened in Municipal Schools to provide more accommodation The increases under "Repairs to Buildings ' and "Original Works in the Budget for 1948 49 are on account of large repairs to school buildings found necessary

Raising of the Blackpally Boys' School to High School The provision in the Budget for 1948 49 is in respect of the staff for the full year as against for 9 months provided in the current year s budget

Page 10 — —(5) Contribution to Orphanages and other institutions The increase for 1948 49 is on account of grant of Rs 500/-sanctioned for payment to the Mysore State Adult Education Council for opening fresh night schools

Page 11 —Receipt side Appropriation from Government grant

The Provisions made in the Revised Budget and the Budget Estimates are in accordance with letter No 4625/C B —345—45—2 dated the 17th June 1946 from the Chief Secretary to the Government of His Highness the Maharaja of Mysore, to the Secretary to the Hon ble the Resident in Mysore, agreeing to the division of expenditure on Municipal schools on a 50 50% basis from 1945—46 onwards

Page 16 —Band performances—The provisions in the Revised Budget represent payments made for Military Band and Indian Music played during March 1947 but paid in April 1947

Page 18 to 21—Water Supply —According to the figures in the Revised Budget and the Budget, the water supply account shows the following surplus —

		1947—48		1948—49
Receipts —Ordinary	Rs	6,72,360/	Rs	6,84,480/-
Capital				100/-
Total	Rs	6 72,360/-	Rs	6,84,580/-
Expenditure				
Ordinary	Rs	6 01,700/-	Rs	6,07,750/-
Capital	Rs	15 203/	Rs	38,409/
	Rs	6,16,903/-	Rs	6,46,159/
Surplus	Rs	55,457/-	Rs	38,421/-

Page 18 —(1) Payment to Mysore Government —The Provisions made in 1947-48 and 1948—49 are based on actual consumption

Page 19 —Receipt Side—Water Tax —The decreased provision for 1947-48 is on account of non completion of revision of assessments which it is hoped will be completed next year

(6) **For Water supply to the Military** —The Provision in the Revised Budget is the expected realisation from the military this year against bills sent to them

(7) **Entertainment Tax** —The decrese is due to large number of military personnal having left Bangalore

(9) **For supplying water from Ulsoor Tank to the Military** —The decrese in the Revised Budget and Budget for 1948 49 is on account of the Railway drawing water through their own main from the Ulsoor Tank

Page 20 (2) Meters —The Provision made for 1948 49 includes Rs 20,000/ for meeting the cost of meters already ordered for and the balance of Rs 10,000/ is for the purchase of new meters

II Preventive Medicines—Capital (1) Land and Buildings and (3) Construction and remodelling of latrines and baths —The provisions made in the Budget for 1948 49 viz , Rs 27 000/ and Rs 11 000/ and Rs 14,318/- respectively are in respect of sanctioned works which have already been entrusted to contractors but which are expected to be completed only next year

Page 23 Receipt Side —II **Drainage—Ordinary**——(3) **Appropriation from Government contributions** The sum of Rs 20 690/ represents one third contribition received from the military authorities for maintenance of Shoolay and U'soor main sewers including the work of covering the main sewer upto Chellaghatta tank done at the specific request of the military authorities during 1945 46 and 1946 47 The provision made for 1948 49 is only in respect of normal maintenance charges

Page 24—Capital (1) Markets—(2) Land and Buildings —The provision made for 1948 49 is for repairing the market gates

3 Vehicle Stands (1) Land aud Buildings —The Work of providing a shelter for the ~~the~~ bus stand in Russell Market for which the Municipal Commission sanctioned a sum of Rs 4 000/ in their resolution No 18 dated the 29th Junurry 1948 has been taken up but as no expenditure will be incurred this year, the provision has been taken to next year and included in the sum of Rs 8,500/- provided under this head

Page 27—Receipt side II Remunerative Enterprises Account Capital 1 Town Planning Act Schemes—(1) Sale Proceeds of land and buildings —The provisions made in the estimates for 1947 48 and 1948 49 represent the following —

	1947 48	**1948 49**
Sale of land in Champbell Road etc	Rs 30,000/	
Anticipated amount by sale of lands in Monkey Tope, Austin Town etc ,		Rs 90 000/-

III Revenue Account (1) Property Tax —The decrease in the Revised Estimate is on account of non completion of the Revision of Assessment of houses which will be completed next year

(5) **Town Duties** —There is a great fall in the sale of cigarettes and beedies There is also a decrease in the import of hand loom and mill goods The levy of Octroi on all articles as taxed in City was given effect to only from the 1st October 1947 All these factors resulted in a fall during the current year

The Surplus and Rent from Settlement Accounts are appended to the Budget together with necessary statements or details showing the items of works provided from those accounts vide pages 32 to 36

In the Revised Budget Estimates of the current year a sum of Rs 2 65, 576/ has been provided from the Surplus Account with the sanction of the Municipal Commission and the Government as detailed in a separate statement at pages 33 35 and the closing balance in the surplus account is Rs 2,56,473/-

The receipts from purely Municipal Funds in the Revised Budget is Rs 19,87,803/-while the expenditure is Rs 21,99,453/-resulting in a deficit of Rs 2,11 650/-which has to be met from the Surplus Account

In the Budget Estimates for 1948-49 the receipts from purely Municipal Fund is Rs 20,95,078 against the expenditure of Rs 23,32,271 which also has to be met from Surplus Account

The closing balance in the Budget for 19 8 49 is only Rs 19 280 which is Rs 55 720 less than the minimum balance of Rs 75,000 fixed under rule 3-A of the Rudget rules contained in H R s notification No 68 dated the 2nd June 1938 It is however hoped that the Municipal Commission will have sufficient resources to maintain the minimum balance of Rs 75,000 and to carry out works of public utility if the Government were to take over the medical and educational institutions at present maintained by the Municipal Commission These questions have been taken up separately

ORDER NO L 10152-4/M/9-48-2

Dated, Bangalore, the

The Budget Estimates of the Municipal Commission, Civil Station, Bangalore, for the yea 1948-49 are prepared on the basis of the rules and the instructions issued by the then Hon'ble the Resident in Mysore in the year 1937-38

2 The opening balance at the credit of the Municipal Commission is Rs 256,473/- (Surplus Account) The Municipal Commissioners anticipates a total receipt of Rs 20,95,078/- under the following heads -

	Rs
A	
I Management	633/-
B Communications	2,93,470/-
C Education	3,125/-
D Public Health -	
General	62,955/-
Water Supply	6,84,580/-
Drainage	1,100/-
II Remunerative enterprises	2,40,165/-
III Revenue Account	8,09,050/-

The provisions made are approved

It is hoped that the above anticipations would be realised in full and that the contributions due from the Defence Department of the Government of India, the Education and Medical Departments of the Mysore Government for the years 1947-48 and 1948-49 would also be recovered entirely

with regard to expenditure. The Municipal Commission have made provisions under the following heads, taking into considerations the modifications suggested by the Comptroller and the utilization of the sum of Rs one and a half lakhs being the realisations from the sale of sites in the Money tope and they are sanctioned

	Rs
I Management	1,54,400/-
II B Communications	3,04,735/-
C Education	1,15,346/-
D Public Health	
1) General	7,04,428/-
ii) Water Supply	6,35,159/-
iii) Drainage	81,462/-
III Remunerative enterprises	1,19,526/-
IV Revenue Account	46,215/-
Total	21,58,271/-

4 According to the above ~~estimates~~ provisions, the abstract figures of the Budget would be as follows -

Opening balance	Rs 2,56,473/-
Anticipated Receipts	20 95 078/-
Total	23,51,551/-
Expenditure	21,58,271/-
Closing balance	Rs 1,93,280/-

5 It is seen from the above that the expenditu during the year has been more than the income and it is necessary that the Municipal Commissio should minimize the expenditure on optional item and also devise ays and means to improve its ~~finances~~ resources

6 In regard to the maintenance of schools in the Civil Station area, provision has been made i the Budget ~~is~~ based on the assumption that the Government would meet the same on 50% basis Th figures are provisionally retained, perding decision on the above question

7 Since the area has been retroceded to the Mysore Government, it is necessary that for the sake of uniformity ~~in regard to~~ the rules in force in the State should be adopted in regard to the preparation of the Municipal budget Hence a supplemental budget may be prepared for the three months from April to June 1949 and the next year's budget of the Municipality ~~from~~ framed according to the ~~final~~ financial year followed by the Mysor Government
